Total interest earned		interest not applicable

Additional information

Cards

If you ordered an additional or replacement physical card above your no-fee allowance during the relevant period that your statement covers, we'll show what fees you were charged under 'Issuing a debit card' and 'Card delivery'. For more information on what fees apply for ordering a Revolut card, please refer to your Revolut plan's fees page.

Currency conversion

For information on how we display fees in relation to currency conversion, or "FX" as we call it, please see our Statement of Fees FAQ page. Fees for FX are also included in your plan's Fees Page which is available [here](#).

Early termination

If you were on a paid plan during the relevant period shown in your Statement of Fees and you downgraded to another plan, you will have been charged an early plan termination fee. This fee is captured in the Statement of Fees and is mentioned in our Plus, Premium and Metal terms which are available [here](#).

Changes in our fees

We sometimes change our fees to reflect the way our business is run or to reflect changes in the cost of running our business, or because we are changing or introducing new services or products that affect our existing services or products. Where we change an existing fee and it results in a change to the terms that apply to your Personal account or Joint account, we'll give you two months' notice (or more depending on which market you live in) to the email registered to your account. We'll assume you're happy with the change to the fee as a result of the change in our terms unless you tell us you want to close your account before the change is made. If we add a new product or service that doesn't change an existing fee but results in a new fee, we may add the product or service immediately and let you know before you use it.

Fees information

You can find what fees apply to your account on the [Fees page](#) within the [Revolut retail terms](#). For users who were migrated from Revolut Ltd to Revolut Payments UAB, this Statement of Fees will cover all fees incurred on your account under both entities for the relevant period. For information on what fees have been refunded to your account throughout the relevant period, please refer to each individual monthly statement for your account which you can find in the app. If you have a Junior wallet or wallets on your account, you will receive a separate Statement of Fees document for each wallet. Revolut may provide you with subsequent versions of your Statement of Fees in order to provide greater transparency around fees charged in relation to your account and any corrections we may need to make.
